

PLAN OF
STOURBRIDGE
1781
(REDRAFTED)

Notes on Redrafting

Redrafted onto re-scaled 25 inch Ordnance Survey County Series Second and Third Revision base to remove distortions inherent in the original 1781 plan. In this redraft features are redrawn relative to identifiable (or likely) matches in boundaries, roads, entranceways and paths. Some buildings, paths and boundaries may be distorted or incorrectly located, but the general layout and building density should be approximately correct.
